Nuffield Health Glasgow Hospital

HOW TO REFER

Patients with health insurance

We have agreements with all major insurers. A GP referral is required when patients are using health insurance.

Patients will need to have their health insurance policy details and authorisation number available when booking and attending an appointment.

Patients who are paying for themselves

We provide a full range of services to patients who are paying for their own treatment. Patients paying for themselves are covered by our unique Promise, details below.

Interest free loans are also available. Please see our website for further details.

Patients accepted:

- Self Pay
- Insured
- NHS

Referrals via SCI Gateway

General practitioners and surgery staff can now refer patients privately via SCI Gateway. The hospital is listed under **NHS Lanarkshire**. Referrals can be made online and you can be assured that patients will be contacted by the hospital to arrange a suitable appointment with a Consultant. For patients wishing to see a specific Consultant, the specialist must be identified in the main text of a referral letter. For any referrals to a speciality not listed on SCI Gateway e.g. diagnostic imaging, please direct the referral to the speciality General Medicine. Referrals can also be made through fax, email, post and phone.

THE NUFFIELD HEALTH PROMISE

Our patients don't need health insurance to get all the advantages of private healthcare. They can **pay for themselves** and benefit from our unique Promise.

We can make this Promise because Nuffield Health is a **not-for-profit organisation**. We don't have shareholders, which means we can reinvest any surplus we make into continually improving patient care.

The Nuffield Health Promise

Our prices are all-inclusive.*

We will equal any comparable price.**

There are no time limits on your aftercare.***

*Initial consultation(s), diagnostic scans/tests and investigations required to establish a diagnosis are not part of your procedure price. **Not including Private Patient Units at NHS hospitals. Local area defined as within 15 miles of your chosen Nuffield Health hospital. We will match against written quotes only. ***Where necessary, we promise to assist you to receive any follow up advice, treatment or care that is clinically required. Where a prosthesis is required for your procedure, this is guaranteed for the manufacturer's expected prosthesis lifetime. Clinically required indicates where further intervention and/or monitoring of your condition is deemed necessary as a direct result of your procedure. The Nuffield Health Promise applies for patients paying for themselves and excludes fertility services.

RECOVERY PLUS

Recovery Plus is Nuffield Health's flagship recovery programme available free of charge to our private patients, for a number of procedures.

It is an optional enhanced recovery pathway that starts after our patients have finished their post-operative physiotherapy, and enables them to continue their recovery at their local Nuffield Fitness & Wellbeing Gym, at no extra cost.

Recovery Plus brings together a spectrum of healthcare services across Nuffield Health's hospitals and Fitness & Wellbeing Gyms. It provides our patients with the support they need to get well and stay healthy after their procedure and embodies Nuffield Health's complete end-to-end approach to healthcare.

Professional development for GPs

Nuffield Health gives GPs the opportunity to enjoy learning directly alongside like-minded peers and also gain CPD points and revalidation. Nuffield Health Glasgow Hospital provides regular clinical education programmes for Primary Care Practitioners.

Delivered only by Specialist Consultants, Nuffield Health's educational services have been designed in line with requests received by primary care clinicians and include a range of subjects and learning styles in order that practices can select the clinical area and delivery method that suits their particular needs. At the end of the GP Education session we will provide you with a certificate for your personal development portfolio.
